TSAT Behaviour Principles

Our vision and values

The Behaviour Policy at Rochester Grammar School is a statement of good practice that covers all aspects of the school that contribute to fulfilment of the school's mission statement through the development and maintenance of good behaviour, an awareness in students of their rights, personal responsibility, British values and a positive ethos within the school. All members of the school are expected to help maintain an atmosphere conducive to learning and development, with courtesy and mutual respect as the basic requirements in a community which practices equality and diversity and where students know that all we do is in the best interest of the child. This will be achieved through the application of the Code of Conduct and the procedures laid down in the policy.

Introduction/Objectives of the Trust/Statutory Framework

Within the Rochester Grammar School our ethos is clear: there is no ceiling to what we can achieve. Our school is a disciplined working environment, where students thrive in a culture defined by mutual respect and good behaviour. We see parents as our partners and work closely with families to secure the best possible outcomes for their children. Learning flourishes in a well ordered, respectful and disciplined

environment and our behaviour policy, creates the conditions for outstanding learning, progress and achievement. Exemplary behaviour is taught and reinforced; poor behaviour is not tolerated.

The Rochester Grammar School Behaviour Policy is written in line with the following areas of legislation and guidance:

- Education Act 2002
- Education and Inspections Act 2006
- Equality Act 2010
- Education Act 2011
- Behaviour and Discipline in Schools DfE Guidance 2016
- Home school agreements
- Use of reasonable force
- Screening, searching and confiscation

This policy does not stand alone but is to be used in conjunction with other TSA Trust policies including Attendance, Assessment, Anti-bullying, Health and Safety, Safe Restraint, Equality and Diversity, Safeguarding, Exclusion from School policy as well as other relevant day-to-day advice available to staff.

Aims:

Support

It is appreciated that the transition from GCSE to Sixth Form can be difficult. Any student with concerns, either social or academic, can seek guidance and reassurance from one of the Sixth Form staff. These are the Form Tutors, Ms Hemming and her 6th form team. Students will always be listened to and where possible, solutions will be suggested or found for areas of concern. Additional support is also available for students from the following staff: Mrs Wells, Learning Support Manager (*by appointment*) and the School Nurse (*by appointment*).

Truancy or missing lessons

- All students are expected to attend all timetabled lessons.
- Should a student truant a lesson/s this will be dealt with as per Appendix 1.
- Should this occur on several occasions the student will be invited to attend a meeting with a member of the Sixth Form team, the school Attendance Improvement Co-Ordinator and parents/carers to create a plan of improved attendance moving forward.

Attitude to learning

- Students are expected to demonstrate a positive attitude to learning.

The Sixth Form Team will take action with any students:

- Missing deadlines for an assignment after a written warning or final demand from a subject teacher.
- Presenting work which clearly indicates inadequate preparation following a written warning or final demand from a subject teacher.
- Showing lack of respect for others' learning, either in the classroom or Sixth Form Resource Area.
- Submitting work that is not their own and is subject to plagiarism.

The following action will be taken:

- There will be an interview with the Assistant Director of Sixth Form and contact made with home to inform that the contract has been broken.
- Should this occur repeatedly the student will be formally interviewed with parent(s) or carer(s) by the Head of Sixth Form and given a final written warning.
- Should this occur once a written warning has been issued, a decision on whether a period of suspension may be imposed will then be decided.

Dress

If we feel that a student is inappropriately dressed and, where they live within a proximity to the school, we will require the student to return home and change her/his clothes before returning to school. Alternatively, students will be asked to change in to school uniform where appropriate. Students should not underestimate the part that appearance plays in both their personal and professional development; thereby demonstrating their commitment to the school by following this dress code. If any student is unsure whether an item of clothing is permitted, they should bring the item with them to school and check with the Sixth Form team before they wear it during the school day. In all cases, on matters relating to the dress code, the judgement of senior members of staff is final.

Respect for the Community

- Any lack of respect for the community whilst identifiable as a student of RGS will result in consequences in line with the behaviour policy.
- Students are not permitted to smoke or vape when identifiable as an RGS student and any student found doing this may face a suspension.
- Any students found to display a lack of respect for the local community may have privileges such as going off site at lunch and home study removed.

These consequences have been drawn up following discussion and agreement that has included the Senior Leadership Team, the Sixth Form Team, members of Year 12 & 13 and the AAB. They will be applied should students not comply with the Behaviour Policy.

Academic Support

Where concerns are raised over academic performance, we will meet with the student and parent(s) or carer(s) at the end of Year 12 to suggest alternative curriculum pathways.

I agree with this Code of Conduct and Sixth Form Learning Agreement and will always support it. I understand that there will be consequences if by my behaviour I break this code or agreement in any way.

Behaviour Outside of School

Under DfE Behaviour and Discipline in Schools January 2017 the CEO or Principal have a specific power to regulate students' behaviour when they are not on the premises of the school and not under the lawful control or charge of a member of staff if they are identifiable as a student at the school. If a student behaves in such a way as to contravene the RGS Code of Conduct when out of school but under the lawful control or charge of a member of staff e.g. on a school trip, sanctions should be put into place as indicated in the Protocol for Incidents on School Trips.

If a student behaves in an inappropriate way while not under the lawful control or charge of a member of staff whereby the student's behaviour can be considered grounds for a suspension or permanent exclusion, the Principal will base a decision in line with the principles of administrative law i.e., that it is: lawful (with respect to the legislation relating directly to suspensions and permanent exclusions and a school's wider legal duties); reasonable; fair; and proportionate.

If inappropriate conduct is seen by a member of staff or reported to a member of staff, then a sanction should be put in place when the student is next in school.

Inappropriate behaviour includes use of all forms of social media and messaging, for harassing other students or school staff. The use of defamatory or intimidating messages/images inside or outside school will not be tolerated, and disciplinary sanctions will be applied.

Travel Conduct

This Code of Conduct sets out the standards that The Rochester Grammar School expects our students to meet when they are using public transport.

It also outlines the role that the students, parents/carers and the school play to ensure that the travel is safe and welcoming for all passengers.

Students:

1. Must arrive for the mode of transport punctually with a valid pass to travel or fare.
2. Act in a responsible manner when waiting for the transport to arrive – do not stand in an unsafe place. Do not engage in any behaviour that could negatively affect the reputation of the school.
3. Show your travel pass when asked.
4. Occupy seats before standing. Standing passengers must do safely. Do not distract the driver. Bags and equipment must not be placed on the seats or block the walkway.
5. Remain seated during the journey and do not inconvenience other passengers.
6. Comply with all instructions from your driver, especially in an emergency.
7. Disembark safely and crossroads with care – using the crossings in place if there are any.
8. Be courteous to other passengers.

Parents/Carers:

1. Ensure your child is ready for the transport at the correct times.
2. Ensure that your child has a valid pass to travel or relevant fare.

The Rochester Grammar School:

1. Supervise students when leaving the school site.
2. Respond to concerns and complaints regarding behaviour on transport and in the students' journey on foot to and from school.
3. Regularly raise issues involving travel with students in assemblies and events.
4. Liaise directly with travel companies (where able to) about any issues that are raised with the school.

Behaviour on School Trips

Any incident will impact on the risk assessment that was carried out prior to the trip. The action that is taken to ensure students' safety following the incident should be such that it will reduce the impact. It must be clear to the student that the consequence of the misdemeanour is to ensure her/his safety and that of others in the party. A copy of these procedures must be incorporated into the Teacher's Pack for the trip so that all accompanying adults have a copy.

Following an incident, the immediate action should be taken to ensure the safety of all members of the party:

- Take steps to safeguard against further incidents by isolating students from the scene.
- Send for immediate help.
- Administer first aid/ and or take immediate action to prevent further injury or trauma if relevant.
- Account for all students and staff by checking groups.
- Make appropriate arrangements for students not immediately affected.
- Ensure all accompanying adults are informed of the incident and of the action that has been taken.
- As far as possible access to telephones by students should be restricted initially until parents of students involved and/or CEO/Principal have been informed if necessary.
- In all cases a detailed written statement should be prepared as soon after the incident as possible by the member of staff who dealt with the incident stating the sequence of events; including timings, the involvement of other members of staff and the names of students who were witnesses. Care should be taken in the preparation of the statement as legal action might follow an incident.

On return the H&S officer should be provided with all the information regarding the incident and will advise on completion of accident report forms and on contacts with the LA and H&S Executive.

Severity of the incident:

Minor - e.g. failure to follow instructions that could have impacted on Health & Safety

- Student to be escorted by a member of staff for an appropriate amount of time.
- Parents should be informed on return.

Potentially serious e.g. one that could have resulted in prosecution

- Student to provide written statement of the incident.
- Parents to be contacted immediately by the member of staff leading the trip and informed of incident and the consequential action.
- Students should be allowed to phone their parents *after* the member of staff has informed them.
- Party Leader to inform Assistant Principal or SLT lead.
- Student to be escorted by a member of staff for the remainder of the trip. If there is more than one student involved in the incident they should be separated as much as possible, they should be put into different groups so that one member of staff is not overburdened with their care.

- Student should still take part in all activities unless the risk factor is raised to a level that would make this inappropriate.
- Any contraband goods should be confiscated by the member of staff leading the trip and dealt with appropriately. (Alcohol and tobacco should be handed to the parents on return unless it is a foreign trip since this could result in the member of staff exceeding their allowance, hence it should be destroyed.
- Parents should have an interview with Assistant Principal to discuss any issues and consequential action (students involved will not be allowed to take part in any future residential visits)
- Party Leader should adjust the Risk Assessment ready for future trips

An incident that results in prosecution

CEO/Principal to be informed immediately; Chair of Governors to be informed by CEO/Principal (If either is unavailable their deputies should be informed).

- CEO/Principal to inform the parents.
- Staff on the trip to inform the rest of the party and keep them updated to prevent speculation. Students should not be allowed to ring home until parents of the student have been informed.
- Staff in school should be informed as soon as possible.
- A press statement should be prepared by the Principal in case the incident results in press interest.
- The school should be informed, if appropriate.

Any sanctions for poor behaviour on trips / visits may include suspension or permanent exclusion.

The Use of a Mobile Device and/or Headphones

Whilst students are permitted to have these items upon their person, they must be switched to silent/off and not be seen or heard at any point during the school day. All devices must be out of sight as soon as students enter the student entrance gates each morning. Staff will confiscate any devices seen, even if these are being carried/not directly in use.

We strongly recommend to all parents/carers that no child under the age of 14 is provided with a smart phone enabled device. It will remain the responsibility of parents/carers to actively monitor and ensure that all communication and usage of such devices (where these have been given to a child) are used appropriately and within the expectations set out. This includes access to all social media platforms.

In the first instance of a mobile device confiscation, this will be handed to main reception, a 30min after school detention issued and the student will be permitted to collect this at the end of the school day. Please note that any incidents of taking photos/filming/recording will receive additional sanctions in line with our behaviour for learning policy.

Any subsequent confiscations within any termly period will result in a parental collection being required and a one-hour SLT detention being issued, to be sat on a Friday after school.

Any headphone devices that are confiscated will require parental collection at an agreed time – regardless of whether this is a first instance or not. An after-school detention will also be applied.

The Use of Social Media

Students are not expected to participate in any form of social media or online communications, both within the school and in the wider community that may put themselves at risk or bring the school into disrepute.

Students who participate in online interactions must remember that their posts reflect on themselves, their families and the school. The expectations set out apply to any form of interaction with peers or adults that occur online.

Students are expected to abide by the following:

1. To protect the privacy of students and staff. Students will not, under any circumstances create digital video recordings of The Rochester Grammar School community members either on or outside of the school grounds including travelling to and from the school.
2. Students may not use social media to publish disparaging or harassing remarks about The Rochester Grammar School community members.
3. Students who choose to post editorial content to websites or other forms of online media must ensure that their submission does not bring the school into disrepute.
4. Students will be mindful of other students' feelings and privacy when engaging in social media activity.
5. Students must not use group chats as a means of discussing and/or sharing hurtful, derogatory or malicious information regarding any member of the Rochester Grammar School community.

Parents/Carers are expected to:

1. Actively monitor the use of their child's social media and ensure all age restrictions are adhered to at all times
2. Not engage in any activity on social media that comments on individual staff or students.
3. Not to engage with social media conversations with children.
4. Report any concerns over inappropriate use of social media to the provider, the Police if necessary and inform their child's Head of Year.

Failure to abide by this policy will result in disciplinary action as set out within this policy, and may include the reporting of any concerns to the Police or other outside agencies.

Anti-Bullying Policy

The Rochester Grammar School takes all types of bullying extremely seriously because the best interests of the child is at the heart of what we do. Please see the Anti-Bullying Policy on the school's web site for further clarification. All cases of bullying will be investigated and dealt with accordingly.

Students can report any types of bullying to any of their teachers which will also include their form tutors and Head of Year or use the worry QR code and 'Report It' button on the school website.

Confiscation of and Searching for Inappropriate Items

Following the guidance from the DfE on Screening, Searching and Confiscation only the Principal / a member of staff will search students or their possessions, without consent, where they have reasonable grounds for suspecting that a student may have a prohibited item. Before any decision on conducting a search is made, the school will consider its obligations under the European Convention on Human Rights, and that any decision to search must be justified and proportionate to interfere with Article 8.

Prohibited items are:

- Knives or weapons
- Alcohol
- Illegal drugs
- Stolen items
- Tobacco and cigarette papers
- Vaping paraphernalia
- Fireworks
- Pornographic images
- Any article that the member of staff reasonably suspects has been, or is likely to be, used to commit an offence. To cause personal injury to, or damage to the property of, any person.

Establishing grounds for a search:

- Teachers can only undertake a search without consent if they have reasonable grounds for suspecting that a student may have in his or her possession a prohibited item. The teacher must decide in each case what constitutes reasonable grounds for suspicion. For example, they may have heard other students talking about the item or they might notice a student behaving in a way that causes them to be suspicious.
- In the exceptional circumstances when it is necessary to conduct a search of a student of the opposite sex or in the absence of a witness, the member of staff conducting the search should bear in mind that a student's expectation of privacy increases as they get older.
- The powers allow school staff to search regardless of whether the student is found after the search to have that item. This includes circumstances where staff suspect a student of having items such as illegal drugs or stolen property which are later found not to be illegal or stolen.
- School staff can view CCTV footage in order to decide as to whether to conduct a search for an item.

Before any search takes place, the member of staff conducting the search will first explain to the student why they are being searched, how and where the search is going to take place and give the student an opportunity to ask any questions. The member of staff will always seek co-operation from the student before conducting a search, however where the student is not willing to cooperate with the search request, the member of staff will consider possible reasons for why this may be the case, before making a decision on how best to proceed. This may involve sanctioning the student in line with the school's behaviour policy, or restricting access to the school site. In this event, a student will not be suspended from school and their absence will be treated as unauthorised. The student can instead comply with any such request and attend as normal.

Location of a search:

Searches without consent can only be carried out on the school premises or, if elsewhere, where the member of staff has lawful control or charge of the student, for example on school trips.

During the search:

Extent of the search – clothes, possessions, desks and lockers:

- The person conducting the search may not require the student to remove any clothing other than outer clothing.
- 'Outer clothing' means clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear, 'outer clothing' also includes hats; shoes; boots; gloves and scarves.
- 'Possessions' means any goods over which the student has or appears to have control – this includes desks, lockers and bags.
- A student's possessions can only be searched in the presence of the student and another member of staff, except where there is a risk that serious harm will be caused to a person if the search is not conducted immediately and where it is not reasonably practicable to summon another member of staff.

Lockers:

- Under common law powers, schools can search lockers and desks for any item provided the student agrees. Schools can also make it a condition of having a locker or desk that the student consents to have these searched for any item whether the student is present or not.
- If a student does not consent to a search (or withdraws consent having signed a consent form) then it is possible to conduct a search without consent but only for the “prohibited items” listed above.

Staff conducting a search:

The search will be conducted by a member of staff of the same sex as the student being searched, with another member of staff present as a witness.

There is a limited exception to this rule. This is that a member of staff can search a student of the opposite sex and/or without a witness present **only**:

- If the member of staff carrying out the search reasonably believes there is a risk that serious harm will be caused to a person if the search is not carried out as a matter of urgency; **and**
- In the time available, it is not reasonably practicable for the search to be carried out by a member of staff who is the same sex as the student **or** it is not reasonably practicable for the search to be carried out in the presence of another member of staff.

Searching with consent:

School staff can search students with their consent for any item.

Also note: Schools are not required to have formal written consent from the student or parents/carers for this sort of search – it is enough for the teacher to ask the student to turn out his or her pockets or if the teacher can look in the student’s bag or locker and for the student to agree.

Searching without consent/use of reasonable force

If it is deemed that a search is necessary, even without the student cooperating, it will be assessed as to whether reasonable force should be applied to conduct the search. A member of staff can use such reasonable force to search for any of the prohibited items identified above, but not to search for items which are identified only in the school rules. The decision to use reasonable force will be made on a case-by-case basis, and whether by conducting the search will prevent the student harming themselves or others, damage property or cause disorder.

The member of staff designated to conduct this type of search must:

- Have reasonable grounds for suspecting that a student is in possession of a prohibited item.
- Be the same sex as the student being searched; and there must be a witness (also a staff member) and, if possible, they should be the same sex as the student being searched.

Items found as a result of a ‘without consent’ search:

- A person carrying out a search can seize anything they have reasonable grounds for suspecting is a prohibited item or is evidence in relation to an offence.

- Where a person conducting a search finds alcohol, they may retain or dispose of it. This means that schools can dispose of alcohol as they think appropriate, but this should not include returning it to the student.
- Where they find controlled drugs, these must be delivered to the police as soon as possible but may be disposed of if the person thinks there is a good reason to do so.
- Where they find other substances, which are not believed to be controlled drugs these can be confiscated where a teacher believes them to be harmful or detrimental to good order and discipline. This would include, for example, so called 'legal highs.' Where staff suspect a substance may be controlled, they should treat them as controlled drugs as outlined above.
- Where they find stolen items, these must be delivered to the police as soon as reasonably practicable – but may be returned to the owner (or may be retained or disposed of if returning them to their owner is not practicable) if the person thinks that there is a good reason to do so.
- Where a member of staff finds vaping paraphernalia, tobacco or cigarette papers they may retain or dispose of them. As with alcohol, this means that schools can dispose of vapes, tobacco or cigarette papers as they think appropriate, but this should not include returning them to the student.
- Fireworks found as a result of a search may be retained or disposed of but should not be returned to the student.
- If a member of staff finds a pornographic image, they may dispose of the image unless its possession constitutes a specified offence (i.e. it is extreme or child pornography) in which case it must be delivered to the police as soon as reasonably practicable. Images found on a mobile phone or other electronic device can be deleted unless it is necessary to pass them to the police.
- Where an article that has been (or could be) used to commit an offence or to cause personal injury or damage to property is found it may be delivered to the police or returned to the owner. It may also be retained or disposed of.
- Where a member of staff finds an item, which is banned under the school rules they should take into account all relevant circumstances and use their professional judgement to decide whether to return it to its owner, retain it or dispose of it.
- Any weapons or items which are evidence of an offence must be passed to the police as soon as possible.

Record Keeping and informing parents/carers:

Any search by a member of staff for a prohibited item or any searches conducted by police officers are recorded using the schools safeguarding software.

Parents/Carers will be informed as soon as possible when any searches for prohibited items have been conducted. A member of staff will inform parents/carers of what, if anything, has been confiscated and the resulting action that the school has taken, including any sanction that has been applied.

Confiscation:

School staff can seize any prohibited item found as a result of a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

Screening:

Schools can require students to undergo screening by a walk-through or hand-held metal detector (arch or wand) even if they do not suspect them of having a weapon and without the consent of the students.

Refusal to being screened, the school may refuse to have the student on the premises. If a student fails to comply, and the school does not let the student in, the school has not excluded the student and the student's absence should be treated as unauthorised. The student must comply with the rules and attend.

Strip Searching:

Strip searches on the school premises can only be carried out by police officers under the Police and Criminal Evidence Act 1984 (PACE) Code A, and in accordance with the Police and Criminal Evidence Act 1984 (PACE) Code C. Whilst the decision to undertake any form of strip search itself and its conduct are police matters, the school will continue to retain a duty of care to the student involved, and will be an advocate for the student's safety and wellbeing at all times.

Unless there is an immediate risk of harm, and where reasonably possible, school staff will inform parents/carers in advance of any such search taking place, even if the parent is not acting as the appropriate adult.

A record of any strip searches conducted on the school premises will be kept by the Designated Safeguarding Lead using the schools safeguarding software.

After the search:

The power to seize and confiscate items – General:

Schools' general power to discipline, as set out in Section 91 of the Education and Inspections Act 2006, enables a member of staff to confiscate, retain or dispose of a student's property as a disciplinary penalty, where reasonable to do so.

Follow up support after a strip search:

Whether or not any items have been found as a result of a strip-search, an assessment will be made to determine the level of additional follow up support that a student may require both within school, or through external agencies, referring to other professionals where required.

Searches dealing with mobile phones, USB Sticks and other Electronic Devices:

Where the person conducting the search finds an electronic device, they may examine any data or files on the device if they think there is a good reason to do so.

In the event a student may have evidence relating to an incident on a mobile device, they will in the first instance ask to confirm what they have (verbally) on the device. Where this is deemed to have relevance, the student will be asked if they are happy to show the content of what they hold to a member of staff. In the event that the content is of inappropriate images, this will not be reviewed by staff, however the device will be retained and stored until the relevant professional services (police etc.) have been contacted regarding next steps.

When a phone check is conducted, a student will be asked to show the relevant information to a member of staff. At which point, where copies may need to be obtained – this will be discussed with the student and the actions conducted as required. It would then be advised whether any content needs to be deleted/removed from the student's device.

Parent/carer consent is not required for this action on the basis the student has provided verbal consent for the checks to be conducted within school.

In the event that the student is believed to have relevant information on their device but refuses to discuss/share this with a member of staff, the device will be retained until such point either parents/carers

or the relevant professional services (where anything of a criminal nature may have been conducted) are able to visit to the school to check the device accordingly.

Following an examination, if the person has decided to return the device to the owner, or to retain or dispose of it, they may erase any data or files, if they think there is a good reason to do so.

Rewards Procedure

We believe the most effective means of reinforcing appropriate behaviour and motivating students to meet the school's work and behaviour expectations is through praise and rewards. Praise and rewards are given in recognition for a positive contribution to school life. Such a contribution includes sound academic work and effort and participation in extra-curricular activities and school events.

Article 29 of the UNCRC says that education must develop every child's personality, talents and abilities to the full as a result the attention of staff is not to be limited to those whose academic work is outstanding or those whose behaviour is consistently poor. Good work and effort are encouraged by the awarding of House Points, direct positive praise, phone calls home, raffle nominations, student shout outs and Praise Postcards. Demonstrating the traits of the Learner Profile shown in and around school will be rewarded by using the same system. Each reward that your child is rewarded has a point total attached to it.

As a school we use ClassCharts and as a parent/carer, providing you have signed up, you will get a notification via the app that your child has been rewarded and what it is for. Once this has been done by the member of staff it will show up on your child's account.

The points that the students earn goes towards their House's total point tally for the House Cup, they can also use their rewards to buy things from the virtual shop that is on the ClassCharts web site. The points from the rewards also makes them eligible for 1 of 3 different prize raffles – Bronze, Silver and Gold which will be drawn at the end of each term. Which one your child will be entered into will depend on how many points they have and the prizes get bigger as they head towards the Gold raffle.

Another simple way in which a student can be rewarded is during a Learning/BfL Walk. If the student is nominated by their class teacher whilst these walks are taking place, then they will automatically be entered into a termly SLT raffle which will be drawn on the first week of every new term.

Some examples of what the student can be rewarded for:

Academic	Behaviour	Pastoral	Six C's
• Secret Star • Excellent Work • Amazing Effort • Great Performance • Problem Solver • Excellent Home Learning • Great test score	• Helpful • Support for Another Student • Helping a member of staff • Helping the school environment • Leadership	• Praise Postcard • 100% Termly Attendance • No Lates Termly • No Lates whilst on Late Card • Excellent ATL grades	• Character • Communication • Critical Thinking • Creativity • Collaboration • Citizenship

• Reading • Extra-Curricular Involvement	• Team Player • Coaching • Volunteering • Resilience • Community impact	• No Termly Behaviour Points • Mentoring	
---	---	---	--

How these fit in terms of what reward is given?

Termly SLT raffle:

Whilst a senior member of staff is conducting a learning/BfL walk a class teacher can nominate a student(s) in their class to the 'observer.' The students name then automatically gets put into the SLT raffle for the term, which is drawn on the first Monday of each new term.

Commendation/House Points:

Suggested criteria for awarding for academic work are:

- ✓ A piece of work that is above target grade (where the target is A* a piece of work at target grade)
- ✓ Sustained improvement in standard of work i.e. the student does not have to get full marks but has to have improved from her previous level
- ✓ Sustained improvement in some other aspect of her work e.g. punctuality, attitude to learning etc
- ✓ A student completes a good week on a Progress Monitoring Card
- ✓ A student on punctuality card completes a week without and late marks
- ✓ For a student who uses 1 hr of their own time in helping for a form/year/house event

Secret Star:

Given every lesson to a student who has shown either:

- ✓ Exceptional effort during all or part of the lesson
- ✓ Outstanding classwork
- ✓ Outstanding Habits of Excellence

Praise Postcards:

- ✓ Significant and sustained improvement in work
- ✓ Obtaining above target (if target is A* obtaining target) in a major assessment
- ✓ When a 100% attendance and/or punctuality is achieved a term.
- ✓ Representing your subject area in a public arena (for example a musical concert)
- ✓ Giving up a significant amount (more than 3 hrs) of their own time to help with a form/house event
- ✓ Making significant improvement in attendance/progress

Student Shout-Outs:

If a member of staff thinks that a student has completed a brilliant piece of work, they will be able to submit this to our 'Staff Shout-Out' – students will receive 100 house points and a certificate. Furthermore, the best staff Shout-Outs will be displayed on our noticeboard in the main Hall.

Milestone Certificates:

Students will receive a ClassCharts Badge once they reach certain milestones throughout their academic year. To achieve a certificate, they need to have reached the following threshold:

Bronze: 300 house points

Silver: 600 house points

Gold: 900 house points

Platinum: 1200 house points

Consequences Procedure

We believe that all that we do is in the best interest of the child and that discipline in schools must respect children's dignity and their rights. Consequently, role of the sanctions system is to support the Code of Conduct and the Rewards System in achieving the aims of the Behaviour Policy. It should mirror the Rewards System in that there should be a fair and consistent approach to applying sanctions in response to poor behaviour. There must be a clear distinction between serious and minor infringements of the Code of Conduct.

An appropriate consequence is one which puts the matter right and encourages better behaviour in future. Thus, it is inappropriate to punish the whole group for the misdemeanours of a few or to impose a sanction that is designed to humiliate.

The Form Tutor's role is to support and encourage the student. They will be kept informed via the Head of Year as and when appropriate.

Aims:

- To develop a consistent pattern of consequences that are understood and agreed by all members of the school community.
- To provide a fair and equitable means of encouraging students and hence support the Behaviour Policy and the Code of Conduct.

Detentions:

Detentions can be given if appropriate. Detentions can be given during the school day without prior notice to parents.

Schools legally do not have to give 24 hours' notice for an after-school detention. However, for practical purposes and continued partnership with parents/carers the school will in most cases give 24 hours' notice. However the school may, if it feels appropriate, give "same day detentions" or detention after school without 24 hours' notice for:

- Repeated offences, particularly if detentions have previously been given with 24 hours' notice.
- The school deem it appropriate due to the seriousness or nature of the offence that a no notice detention should be given. No notice detentions will be agreed with the Principal or members of SLT and parents will be immediately contacted by the school using the emergency contact details previously supplied.

Where an issue requires a longer period of detention e.g. failure to complete coursework, the detention can take place as all or part of a CPD day, a Saturday or a day in the school holiday. Again 24 hours' notice will be given.

If a student fails to attend a detention then it will be rescheduled. Multiple missed detentions or a student refusing to attend/complete their scheduled detention may result in a student being withdrawn from lessons for a fixed period of time, or escalation though to a fixed period of suspension

Attitude to Learning

Each term subject teachers enter ATL grades for each student on their class, these grades range from 1-4.

The school code of conduct 'Respect for Learning' section identifies 4 criteria:

- A student should have all the necessary equipment/books for their lessons.
- Positive attitude: a student's actions should enhance their own learning and that of other people in the class.
- A student should participate in and complete all learning activities to the best of their ability.
- A student should meet reasonable deadlines set by teaching staff.

Grade	Description (Best Fit)
1	Has consistently met all the criteria this term to a high standard <i>Outstanding student with no sanctions</i>
2	Has normally met the criteria this term <i>A Normal RGS student sanctions stage 0/1/2 on odd occasion</i>
3	Has met some of the criteria this term <i>1 stage 3 sanction or consistent stage 0/1/2</i>
4	Has not met most of the criteria this term <i>More than 1 stage 3 and or stage 4 sanctions</i>

Heads of Year will check these grades termly and any student who receives 3 (2 or more for Key Stage 5) or more grade 3 or 4's will be placed on a Progress Monitoring Scheme. Whilst on Progress Monitoring if students do not show any progress over a two-week period, they will be referred to their Head of Year and then a member of SLT if there is no further improvement.

Student representation in extra-curricular events/activities

If a student wishes to attend any form of extra-curricular event/activity they must have a 90% positive to negative sanction ratio on Class Charts.

If a student has a ratio below this, they will not be able to take part unless it is of detriment to their academic studies. For example, a Geography field trip that is essential for data collection for coursework. If this happens parents and the student will be made aware of the expectations on the trip by either the Curriculum Leader or the Associate Leader for Behaviour and Attitudes.

Ratio numbers can increase or decrease depending on the student's behaviour. Therefore, it is possible for a student to earn the privilege back. As a parent you can access your child's progress by logging on to the Class Charts app.

Late to lesson thresholds

All students are expected to arrive promptly to their timetabled lessons to prevent unnecessary delays for both themselves and their peers.

The following thresholds apply, at which point an after school 30min detention will be applied (where no valid reason has been provided as a direct cause of the lateness):

Lesson 1 – Any arrivals beyond 9.00

Lesson 2 – Any arrivals beyond 10.00

Lesson 3 – Any arrivals beyond 11.15

Lesson 4 – Any arrivals beyond 12.20

Lesson 5 – Any arrivals beyond 14.10

Please note that the above are typically indicated by the sounding of the school bell, however at different points in the school year (when exams are running for instance), students are expected to monitor and manage their own timekeeping to prevent any unnecessary sanctions being applied.

Lates directly after break and lunch are also recorded at the point the lesson begins (not five minutes into the lesson). This is due to the fact that between lessons, student movement is restricted by their point of departure from their previous lesson. As this is not the case during break and lunch time, students are expected to plan accordingly and begin heading to lessons on the sound of the first bell (which will be heard five minutes before the end of break time).

Suspensions and Permanent Exclusions

Suspension from school means that the pupil is not allowed into school for disciplinary reasons.

There are two types of suspension/exclusion:

- Suspension, which can range from half a day to a maximum of 45 school days in a school year (a child can also be excluded for lunchtimes)
- Permanent

Only the principal holds the final decision on whether any suspension or permanent exclusion should be issued. Where this decision is taken, the student, parents/carers, the governing board and LA will be informed without delay, along with any professionals such as an allocated social worker who support this student.

During a period of suspension, work will be provided for the student to complete during the period of time that they are not in school.

NB: Please see the TSAT Exclusion Policy for more details.

Reintegration meetings

These meetings are held upon the return of a student from suspension. The reintegration meeting is conducted in the presence of a member of the Senior Leadership Team, the student and parent/carer. At the meeting the student is asked to reflect upon their actions and all parties consider what further interventions are needed to support the student, this may include referrals to external agencies.

Alternatives to Suspension

Withdrawal from Lessons:

This is an intervention method organised to try to prevent the deterioration of a student's behaviour and thus prevent a student become excluded from the school. The student will spend lessons in the school's Intervention Room facility which will always be manned by a member of staff. During break and lunchtimes, the student will be accompanied to get their food and drink and to go to the toilet if necessary. They will be directed during this time by their Head of Year.

Internal exclusions where the student is withdrawn from their peers during lesson time will normally last no longer than a week. Withdrawal during break and lunchtime may be longer, with integration being a phased process with a support system in place to assist with this process.

Withdrawal from lessons may be used if a student fails to attend a detention multiple times - whereby a rescheduled date is set and subsequently missed/refused to be attended.

Please note that a student maybe withdrawn from lessons whilst an investigation is taking place. If this occurs, then the same procedure as above will take place.

Other alternatives to suspension include:

1. Restorative Justice
2. Mediation
3. Managed Move – Where this may be deemed by all parties to be a more appropriate longer-term measure to support the student.
4. Offsite inclusion facility (including use of facilities at other schools within the trust)

Parental cooperation

If a parent does not comply with a suspension, for example by sending the excluded child to school, or by refusing to collect, or arrange collection of, him or her at lunchtime, the school must have due regard for the student's safety in deciding what action to take. This may involve the school making the decision to contact or seek support from external local authority services. A suspension should not be enforced if doing so may put the safety of the student at risk. If efforts to resolve the issue with the parents are unsuccessful the school should consider whether to contact the Education Welfare Service and seek the advice of the LA about available legal remedies.

Right to apply additional sanctions for individual year groups

As a school, we reserve the right to make temporary amendments/issue additional sanctions for particular year groups whereby patterns of or continuous poor behaviour has been recorded. This may include the introduction of a behaviour contract, and agreed set of additional sanctions for repeat/patterns of behaviour, or loss of unstructured times such as break/lunch - until such a point that an overall improvement in general behaviour has been demonstrated.

Use of AI technology

We recognise the growing role of Artificial Intelligence (AI) in education and are committed to ensuring its use supports a safe, respectful, and inclusive environment. Students are expected to use AI tools appropriately and responsibly, only for educational purposes and in line with teacher guidance. Misuse of AI—such as generating harmful, misleading, or inappropriate content—is strictly prohibited. Using AI to engage in bullying, harassment, or to target others (e.g., creating fake messages, deepfakes, or offensive content) is considered a serious violation of our behaviour policy and will be dealt with accordingly. Any form of AI-assisted bullying will be treated with the same severity as traditional bullying. Students must not use AI to cheat or plagiarise, and all work should reflect their own effort unless collaboration is authorised. We aim to educate students on ethical AI use and promote digital citizenship in a rapidly changing technological world.

Appendix 1: Behaviour in lessons

Tariff	Examples of behaviours for consequences – This list is not exhaustive.	
C0 Pre-Warning (0 Negative Point)	A pre-warning may be used as a means of identifying a particular behaviour that needs to be corrected – this can be given individually or as a wider group. No sanction is applied; however students would be expected to respond to this warning to prevent any further escalation being required. A pre-warning may be given as a whole class instruction at any point in the lesson which clearly sets out expectations of a student – an example for instance <i>‘The whole class needs to work in silence of questions 1-3’</i>. A direct instruction has been issued that students would then be expected to follow.	
C1 Verbal Warning (1 Negative Point)	• Lack of effort (single event) • Disrupting learning (single event) • Off-task (single event) • Talking when silence is expected • Corridor uniform discussion (kilt length, additional jewellery etc) • Incomplete home-learning task • Missing PE Kit item NB: This list is not exhaustive.	
C2 Lunchtime Detention (3 Negative Points)	Subject-set 15 minutes	• Disrupting Learning (multiple) • Off-task (multiple) • Lack of effort (multiple) • Incorrect PE kit (not resolved)/no PE kit • No Home-Learning task submitted • Cheating in a class test NB: This list is not exhaustive.

This could be actions or inappropriate noises • Failure to engage in positive conversation with a member of staff once subject teacher has tried to put in interventions and follow the BfL policy • Persistent leaving the classroom without permission/self-exiting/truancy/walking away from a member of staff
---	---

SLT Friday Detention – 1hr	NB: This list is not exhaustive.

This will take place without warning.

Appendix 4: Register for viewing CCTV images

CCTV images contain the personal data of staff, pupils and visitors therefore it is important that data is only shared and viewed when we have a legal right to do so.

Full information can be found in the Trust CCTV policy at www.tsatrust.org.uk/about/policies/ or guidance can be sought from Lee Miller DPO or Kelly Denton Deputy DPO.

Pupils viewing CCTV as part of Behaviour Management

Images from CCTV can be shown to pupils to assist with behaviour management and to ensure pupils take responsibility for their behaviour, if it is necessary and proportionate to do so.

A decision on whether it is necessary and proportionate must be made by the Principal/Principal, Director of Education, DPO or Deputy DPO.

When making this decision the authorising individual must consider the following:

- The severity of the incident
- The number of individuals captured in the images
- The actions of the other individuals in the images
- If the images can be reasonably redacted or reduced
- The context of the behaviour of the student and the impact this strategy will have in their behaviour management

A log of all requests, authorisations and viewing records must be recorded on this form and held with the Academy GDPR lead. Please note requests that are not agreed must also be recorded on this form.

A request to share CCTV images with any other individuals other than the pupils in behaviour management or staff within the Academy must be agreed and logged with the DPO or Deputy DPO.

Appendix 5: Student conduct during assembly

Students are expected to enter the assembly hall in silence and remain in silence whilst seated. If a child displays low level disruption – for example talking, and this stops quickly, the student at the end of the assembly will be asked to remain behind and they will then be spoken to and sanctioned by a member of staff.

If a student displays a constant level of disruption or behaves in a way that prevents others from listening then they will be removed instantly from the assembly hall and sanctioned.

Appendix 6: Punctuality

Students are expected to be on site and in their Tutor Rooms at 8:35am. Any student arriving after that time will be sanctioned as they enter the grounds.

A late sanction will be a Centralised Lunchtime Detention on that day, unless they already have a lunchtime detention. If they do then the next available date will be issued. The same protocol will be followed for punctuality to p.m. registration.

If a student accrues a number of late marks to morning and afternoon registration the following procedures will take place:

- 5 late marks – Form Tutor discussion
- 10 late marks – Head of Year will email and make contact with home.
- 20 late marks – Head of Year will telephone the parents to discuss their child's persistent lateness.
- 25 late marks – Head of Year will arrange for parent/carer to come in for a meeting - ***Following that meeting an action plan will be put in place.***
- 30 late marks – The students name will be given to the attendance officer Mrs Winder.
 - At this point the Head of Year will monitor and the student loses their lunchtimes until a sufficient progress is made.
 - Moving forward if the student is late twice in one week the student loses their lunchtime for a week.
- 40 late marks possible referral to Early Help Services to support the family.

If a student is late because of public transport services they will not be held responsible for this as it is out of their control.
