You must choose one subject from each group, totalling six. Three of these subjects will be at Higher level (HL) and three at Standard level (SL).

If you opt to study Environmental Systems and Societies (ESS) in Group 4 - The Sciences, you are able to then opt for two subjects from Group 6, The Arts - as ESS is seen as both a Science and a Humanity.

In Group 6 -The Arts, you can opt out of these subjects and instead choose an extra language, humanity or science.
