

KS5 Geography Summer Tasks

Task 1 Higher Level Geography:

Read the article (link below) and answer the following questions.

[Life, death and limbo in the Calais 'Jungle' – five years after its demolition | Migration | The Guardian](#)

Part 1: Vocabulary

1. **Demolition** - What does this term mean in the context of the article?
2. **Unaccompanied children** - Who are they, and why is their situation significant?

Part 2: Questions

1. **Summary:** Summarise the key points of the article in your own words. What is the main issue being discussed?
2. **Context:** What was the Calais Jungle, and why was it demolished?
3. **Current Situation:** Describe the current conditions in Calais according to the article. How many migrants are there, and what challenges do they face?
4. **Human Impact:** Provide examples from the article that illustrate the human impact of the demolition of the Calais Jungle. Include at least one story or quote from a migrant.
5. **Responses:** What actions have been taken by local authorities and organisations to address the migrant situation in Calais?
6. **Challenges:** What are some of the ongoing challenges mentioned in the article for both the migrants and the authorities?
7. **Future Outlook:** Based on the article, what is the outlook for migrants currently living in Calais?

Part 3: Critical Thinking

1. **Perspective:** How does the author of the article convey the emotions and experiences of the migrants? Provide specific examples.
2. **Comparison:** Compare the situation in Calais with another migrant crisis you are aware of. What similarities and differences do you notice?
3. **Solution Proposals:** What solutions can you propose to improve the situation for migrants in Calais? Consider both short-term and long-term approaches.

Part 4: Personal Reflection

1. **Empathy:** How did reading this article make you feel about the plight of the migrants in Calais? Why?
2. **Action:** What steps, if any, do you think individuals or communities can take to support migrants in situations like those described in the article?

Task 2 Standard Level Geography:

Read the article (link below) and answer the following questions.

[Net migration to push UK population to 74m by 2036, ONS projects - BBC News](#)

1. By how much is the UK population projected to increase between 2021 and 2036?
2. What is the projected population of the UK by the middle of 2026?
3. How many people are expected to be born and die in the UK between mid-2021 and mid-2036?
4. How much is the net migration expected to contribute to the UK population annually from 2028?
5. What measures has Home Secretary James Cleverly announced regarding foreign care workers and skilled worker visas?
6. According to the article, what is the stance of Labour's shadow immigration minister on the latest figures?
7. Who has resisted calls for a cap on legal migration numbers?
8. How many people aged 85 and over are projected to be in the UK by 2036, and what percentage of the total population will this represent?
9. What does Robert Jenrick say about the projected population growth?
10. How does James Robards, the head of population at the ONS, describe the projections?
11. What implications do you think this will cause?
